INDIA TECH ALLIANCE IN ASSOCIATION WITH 
(Direct companies recruitment offer).

Dear Students,

I hope you are aware that GRIET is now a part of India Tech Alliance initiated by AWS. Now AWS client companies recruit students directly from our institute based on the skill map they required. At present nearly 15 to 20 companies are in line, and we are expected to expect another 20 companies to join before this year's end. So now it is your turn to make yourself ready to grab these opportunities by partnering with us.

Tech Alliance employers

The above-mentioned companies are actively seeking students who possess expertise in specific domains (skill maps) for recruitment within their respective organizations.

At SDC, our team specializes in training individuals in these domains, ensuring they are fully prepared for placement opportunities. If you're keen on advancing your career prospects, we advise you to register using the link provided below.

Domains:

1. Cloud Administrator
2. DevOps Engineer
3. Cloud Engineer

Prerequisite:

One of the below Academy (or Global certificate) is mandatory to attend to this program.

- i). AWS Cloud Foundation or
- ii). Introduction to Cloud Semesters 1 & 2 Academy

Eligibility : 3rd year students (2025 outgoing students)
Disciplines : All branches
Domains : Cloud based.
Training period : 4 to 6 months

- We will provide all the resources (online and offline) necessary for the above program.
- Syllabus and other details we will share in the WhatsApp group after your registration.
- We limit 50 students per skill map (Domain).
